Mr. Esau Jenkins

"MAN, ESAU JENKINS' NAME ON THE VOTING MACHINE!"

159 666 871 Then I ran for the school trusteeship on this island. I ran knowing that I wouldn't have won unless a miracle had been done. They had three white persons to run. I made four. And I came out third, so I got more votes than one of the white candidates. That scared some of the white folks here, and the man who is on the county council decided that they would change voting for trustees on the school board. They would have it be appointed because Johns Island strength was growing too much.

The reason why I ran is because I wanted the Negroes to know that it is their privilege to go into any office they're qualified to handle. They are taxpayers and they have just as much right to run for public office as the white persons. I ran because some Negroes thought that if a Negro name ever was placed on a voting machine, that person would be killed. Or they thought that a Negro's name couldn't be placed on a voting machine.

159 666 And so I ran and my name was placed in alphabetical order and they saw it. And when one of the guys went in and saw my name, he went and told the rest, say, "Man, Esau Jenkins' name on that voting machine," says, "You better go on down there and vote." And that year we had about ninety-nine percent of the Negroes who registered vote. Encourage them ever since to vote.

WE'RE NOT FOR SALE

• (661) After we got started and the Negroes started registering, then a bribe was made to me. They sent someone to offer me whatever I want if I would stop teaching Negroes to register and vote and go along with the white folks. Well, I didn't accept it.

159 871 661 185 My argument at that time was that we need a high school on Johns Island and we need to get our children off their feet who are walking ten miles per day to try to get an education. They walk in the rain, in the cold, and the sleet and we believe it cause a health hazard. So I told this man who offered me the money, "We're not for sale, and we're only going to support

people who are willing to see to it that our children will get a high school, plus transportation to take them to and from school."

The white kids were riding in school buses, and the buses were warm when they got into it. When they got to the school, the schools were warm. Yet our children had to walk between eight and ten miles per day, go to a cold school with no heat. The teachers that teach the school, they live in Charleston—fifteen or eighteen miles away—and the children have to stand outside until the teachers come. Then when the teachers come, if they didn't have any wood, they got to go out in back of the school and get wood to make up the fire. Whether it raining, whether it cold, whether it snowing, those children have to walk there, and after they got the fire started, it being so cold, I don't think they could concentrate so well. And beside that they

have forty to fifty children to one teacher, and have to carry 'em from scratch to seventh grade.

So we know that was a terrible condition, and that's the condition that I want to try to eliminate. And that's my reason for not taking this bribe. I know that we wouldn't have gotten anywhere, not as long as I was willing to take bribe and go along with the white folks. I had made some enemy by not taking the bribe. I had made some of my people afraid of me because I kept on fighting for the Negroes' right. But I didn't stop.

The white folks cut off this one big plantation that I used to haul to, as I had three buses and two trucks. Sometimes I make sixty dollars, sixty to eighty dollars a day, with three or four vehicle—twenty dollars for each one—to carry the people there. They cut that off, but I wouldn't stop. I keep on driving and keep on fighting.

Since we have gotten the high school, now we have had quite a few children graduated from the high school here on the island. Since then we have been able to get this consolidated grammar school, and we have buses.

WE DIDN'T HAVE A CHANCE WHEN WE GO INTO COURT

I'll tell you another way voting was able to help us. I could remember not too long ago, we didn't have a chance when we go into court. I remember a day I was riding with a man coming to Johns Island from Charleston, and a white person ran into the back of his truck. When we stop to find out what happen to the person, the law took side with the person who ran into the back of his truck, and he had to go to court.

We all thought that the judge would say, "Well, somebody ran into the back of the truck, certainly seem like that person is wrong." Unfortunately, he said that the colored man was wrong. He didn't have a chance in the court. But we decided to change that thing by getting people to see the importance of citizenship, registration and voting.

We got them to be interested in organizing what we call the Progressive Club. I emphasize the word "progressive" which mean look upward, do something better. And in this club we told them that if you're not registered
